## Legal Metrology Inspection Report

### Product Information

Product: Biscuits  
Category: food  
Subcategory: biscuits  
Images Inspected: 3  
Detection Confidence: 91.1%  
Detection Evidence: 16 regions  
Supporting Images: pic\_1.jpg, pic\_2.jpg, pic\_3.jpg

### Overall Result

#### POTENTIAL\_NON\_COMPLIANCE

### Rule Engine Results

**PASS: Product / Commodity Name**

Evidence: 500()IODISED SALT BUTTER (0.4%). MILK SOLIDS, EMULSIFIERS (INS 322, INS 471.

**PASS: Net Quantity**

Evidence: Net Weight

**PASS: Maximum Retail Price**

Evidence: MRP

**PASS: Unit Sale Price**

Evidence: per 100 g

**PASS: Manufacturer / Packer / Importer**

Evidence: MARKETING BY: MRS. BECTORS FOOD SPECIALITIES LTD.

**PASS: Consumer Complaint Contact**

Evidence: Customer Care Cell, Ph. 1-800-1802045 (Toll Free), Address -

**PASS: Manufacturing / Packing Date**

Evidence: A-MFD.BY: MRS.BECTORS FOOD SPECIALITIES LTD,THEING ROAD, PHILLAUR

**PASS: Best Before / Use By**

Evidence: Expiry:

**POTENTIAL\_NON\_COMPLIANCE: Standard Pack Size**

Reason: Declared quantity does not match a listed standard pack size.

Detected Quantity: 20 g

### AI Inspection Summary

Automated inspection of the food package (biscuits) indicates an overall assessment of POTENTIAL\_NON\_COMPLIANCE. While mandatory labeling declarations including product name, net quantity prefix, MRP, unit sale price, manufacturer address, consumer contact, manufacturing date, and best before date were detected and passed, the detected quantity does not conform to the configured standard pack sizes.

### Key Findings

**PASS: Product / Commodity Name**

Commodity identified as 'BISCUITS' / 'Biscuits' across multiple detections with high confidence.

**PASS: Net Quantity Indication**

Net quantity declaration prefix ('Net Weight') detected with confidence 1.0.

**PASS: Maximum Retail Price (MRP)**

MRP indicator detected with confidence 0.996.

**PASS: Unit Sale Price**

Unit sale price indicators ('per 100 g') detected with high confidence.

**PASS: Manufacturer / Packer / Importer**

Marketed by and manufacturing entity 'MRS. BECTORS FOOD SPECIALITIES LTD.' detected with high confidence.

**PASS: Consumer Complaint Contact**

Customer care details including toll-free number (1-800-1802045) and email detected with confidence 0.932.

**PASS: Manufacturing / Packing Date**

Manufacturing markings ('of Mfg.' and manufacturer site codes) detected with high confidence.

**PASS: Best Before / Use By**

Expiry declaration marker ('Expiry:') detected with confidence 1.0.

**POTENTIAL\_NON\_COMPLIANCE: Standard Pack Size**

Declared quantity was detected as 20g (from text 'Se Se20g(ab4bus)'), which does not match prescribed standard pack sizes (25g, 50g, 60g, 75g, 100g, 120g, 150g, 200g, 250g, 300g, or multiples of 100g above 300g).

**Officer Attention**

- Verify the actual declared net quantity on the physical package. The OCR detection string 'Se Se20g(ab4bus)' had a relatively low confidence score of 0.656 and may contain scanning artifacts.
- Confirm whether the commodity falls under any statutory exemptions regarding standard pack sizes if the actual net weight is confirmed to be 20g.
- Verify numerical values and dates associated with MRP, Unit Sale Price, and Date of Manufacture/Expiry on the physical package.

**Limitations**

- Analysis is based strictly on automated optical character recognition (OCR) and deterministic Rule Engine evaluation.
- Low confidence OCR reading (0.656) for the detected net quantity text introduces potential ambiguity.
- Final legal compliance determination remains solely under the authority of the inspecting Legal Metrology officer.
